Chairman's Message

بسم الله الرحمن الرحيم

As I reflect on the 2024–2025 reporting period, I am struck by the resilience demonstrated by vulnerable communities and the unwavering commitment of our supporters.Witnessing these realities first-hand has shaped our approach and reinforced our responsibility to respond with sincerity, care, and purpose.

This year presented persistent challenges across the regions we serve, particularly the devastating monsoon flooding in Pakistan. Economic pressures, climate-related disruptions, and limited access to essential services have made daily life increasingly difficult for many families. In response, Al-Wahab Foundation remained committed to delivering timely support while strengthening programmes that promote long-term stability. With the support of our donors and partners, we extended our work across Pakistan, Bangladesh, Uganda, Afghanistan, and the United Kingdom, reaching those most in need.

Our efforts focused not only on addressing immediate hardship but also on creating pathways for sustainable change. From food assistance and clean water provision to healthcare services and livelihood support, each initiative was designed to restore dignity and enable individuals to rebuild their lives with confidence. Empowerment remained central to our work, ensuring that support translated into independence rather than reliance.

During this period, we also introduced the Solar Panels Project, reflecting our commitment to practical and forward-thinking solutions. By providing access to renewable energy in areas where electricity remains limited, this initiative supports improved living conditions and contributes to long-term community development.

What defines this year is not only the scale of assistance delivered, but the impact on people's lives. Behind every programme are individuals who have regained stability, families who now have access to essential services, and communities that are better equipped to face future challenges. These outcomes are a reminder that our work is measured not just in numbers, but in meaningful change.

None of this would have been possible without the unwavering trust and generosity of our donors, volunteers, and partners. Your support has enabled us to act with consistency and accountability, even in complex and challenging environments. For this, I extend my sincere appreciation.

As we look ahead, the need for responsible and sustained humanitarian action remains significant. With your continued support, and by the will of Allah (SWT), we remain committed to strengthening our programmes, expanding our reach, and serving humanity with integrity and dedication.

Mufti Abdul Wahab
Chairman Al-Wahab Foundation

Our mission

At AWF, our mission is to combat poverty and address its underlying causes by creating innovative, sustainable solutions that empower individuals and uplift communities. Guided by the principles of Islam, we strive to ensure that every person can live with dignity, economic justice, and social equality, which are core values essential to a just and compassionate society. Our ultimate goal is to alleviate human suffering and hardship by tackling the root causes of inequality and the unjust distribution of resources. Through continuous effort and strong commitment, we work toward a fairer, more inclusive world for all.

Our values

Compassion

Inspired by our faith, we act with empathy and care, standing alongside individuals and communities experiencing hardship.

Equality

Our work reflects the Islamic principle that all people deserve dignity and respect, regardless of background, identity, or circumstance.

Transparency

We uphold openness and accountability, ensuring our donors remain informed about how their contributions are used.

Integrity

We manage every donation responsibly, ensuring ethical practices and clear processes so aid reaches those who need it most.

Excellence

We pursue high standards in humanitarian work, directing resources toward innovative solutions that create lasting impact.

Partnership

By working closely with trusted local and international partners, we strengthen our ability to deliver effective and community-informed assistance.

Key Challenges and Strategic Responses

October 2024 – September 2025

The 2024–2025 reporting period unfolded against a backdrop of continued global uncertainty. Natural disasters, economic instability, and rising living costs intensified pressure on already vulnerable communities. In parts of Pakistan, monsoon flooding and extreme weather conditions disrupted livelihoods and damaged fragile infrastructure, while inflation and reduced economic opportunity deepened hardship across multiple regions.

Low-income households faced increasing difficulty in securing basic necessities. Rising food prices, limited employment prospects, and strained public services disproportionately affected women, children, and the elderly, who were already at heightened risk of vulnerability and exclusion.

Our Response: Structured and Sustained Action

During this period, Al Wahab Foundation prioritised both emergency responsiveness and long-term programme stability. Relief efforts were delivered in affected areas with careful coordination, ensuring timely assistance reached those most in need.

At the same time, development-focused initiatives were strengthened across key sectors:

- Livelihood programmes such as Rozgar and Women Empowerment continued to support income generation and household stability.
- Eye Care and Water initiatives expanded access to essential services, protecting health and preserving dignity.
- Solar Panel Projects were introduced to provide sustainable energy solutions, helping communities access reliable electricity while reducing dependence on unstable power sources.
- Community-driven interventions were reinforced to encourage local participation and long-term resilience.

Every intervention reflected our unwavering commitment to dignity, transparency, and local leadership.

Helping Communities Through Sustainable Solutions

While responding to urgent needs remained essential, Al-Wahab Foundation also prioritised long-term solutions aimed at reducing persistent poverty. This year's work focused on creating lasting stability, supporting earning potential, widening access to basic services, and empowering communities to face future challenges with greater resilience.

We recognise that lasting progress requires more than assistance; it requires enabling communities to rebuild with confidence and independence.

Strengthening Our Impact Ahead

As global challenges intensify, the need for accountable and adaptive humanitarian action remains critical. Without continued support for livelihoods, healthcare, and food security, vulnerable communities may remain trapped in cycles of instability.
Al-Wahab Foundation remains committed to navigating these challenges with clarity of purpose. Through collaboration with donors, partners, and communities, we will continue to pursue solutions grounded in dignity, resilience, and long-term impact.

Pakistan Monsoon Floods Emergency

In September 2025, severe flooding in Pakistan caused widespread devastation resulting in 1,037+ deaths, displacing families, damaging infrastructure, and disrupting access to food, shelter, and clean water. In response to this humanitarian crisis, Al-Wahab Foundation mobilised its emergency relief operations to support affected communities with timely and targeted assistance.

The floods left thousands of households vulnerable, particularly in low-income and rural areas of Punjab, Sindh, KPK, Balochistan, Gilgit Baltistan, and Azad Kashmir, where access to essential services was already limited. Immediate needs included emergency shelter, food supplies, clean drinking water, and medical support. Al-Wahab Foundation worked closely with local teams to assess priority areas and deliver aid where it was most urgently required.

Emergency relief distributions included food assistance, clean water provisions, and essential survival items to families displaced or severely impacted by flooding. Our team distributed 100 Relief Kits and 24 Pots of Cooked Food to facilitate a total of 2,200 beneficiaries in Buner, KPK and Multan, Punjab. Efforts were focused on ensuring that support reached vulnerable groups, including children, the elderly, and households that had lost homes and livelihoods due to the disaster.

In November 2025 Chairman Mufti Abdul Wahab travelled to Pakistan in during the response period to oversee relief efforts and engage directly with affected communities. His visit enabled on-ground coordination, monitoring of distributions, and direct interaction with beneficiaries to ensure aid was delivered efficiently and transparently.

The Pakistan Flood Emergency Response formed a key part of Al Wahab Foundation's humanitarian work during the reporting period, with a continued focus on restoring dignity and supporting recovery in affected communities.

Afghanistan Earthquake Emergency Relief

On 4 September 2025, Afghanistan was struck by another devastating earthquake, following a series of powerful tremors that caused widespread destruction across the eastern provinces. Thousands of people were killed or injured, while entire communities lost their homes and access to essential services, creating an urgent humanitarian crisis.

Responding swiftly to the emergency, Al-Wahab Foundation launched its Afghanistan Earthquake Appeal to provide immediate relief to affected families. Working with local partners, Team AWF distributed 150 Food Packs, each containing essential household staples to support families during the crisis. In addition, 1,500 freshly prepared hot meals were provided to displaced survivors who had lost access to cooking facilities and basic necessities.

The Afghanistan Earthquake Response reflects Al-Wahab Foundation's continued commitment to delivering timely humanitarian assistance during emergencies, helping vulnerable communities with dignity, compassion, and practical support as they begin the journey towards recovery.

Water for Life

Providing Access to Clean Water

Al Wahab Foundation recognises that access to clean and safe water is essential for life, health, and human dignity. Through the Water for Life Project, we remain committed to delivering sustainable water solutions to communities facing severe water scarcity.

For millions of people worldwide, unsafe water sources and inadequate sanitation continue to cause preventable illness, placing children, the elderly, and vulnerable families at greatest risk. With the generous support of our donors, Al Wahab Foundation continues to provide life-saving access to clean water through the installation of water wells and hand pumps.

Water Crisis in Uganda

Uganda continues to face a severe water crisis, with many communities lacking access to clean and safe drinking water. Water shortages disproportionately impact vulnerable groups, with women and children often bearing the greatest burden. Limited access to clean water poses significant risks to health, education, and livelihoods.

With the support of our donors, Al Wahab Foundation installed 3 water wells between 2024 and 2025, providing clean drinking water to 2,100 beneficiaries. This intervention has helped expand access to safe water and deliver lasting impact within these communities.

Water Crisis in Pakistan

Water scarcity remains a persistent challenge in Pakistan, particularly in marginalised and rural areas where access to safe drinking water is limited. Population growth, poverty, climate pressures, and infrastructure constraints continue to place communities at risk. The situation worsened further due to monsoon floods, which caused widespread devastation across various regions.

Through the Water for Life Project, Al Wahab Foundation focused on delivering sustainable water solutions, including the installation of wells and hand pumps in high-need areas. Each installation was carried out following community assessments to ensure long-term usability and impact.

From October 2024 to September 2025, Al Wahab Foundation installed 600 hand pumps and 84 water wells, benefiting 36,000 individuals across underserved areas, including Khipro, Khalilabad, Kandiyari, Shah Sikanderabad, Achro Thar, Jamrao, Dera, Dilyar, Chotiyarian, and Gujri (District Sanghar, Sindh).

84
WATER HAND PUMPS

600
WATER HAND PUMPS

36,000+
BENEFICIARIES

Providing Safe Worshipping Spaces Through Masjid Construction

For many underserved communities, the lack of a dedicated Masjid affects both religious practice and community life. Without an established space for congregational prayer, learning, and gathering, maintaining regular worship and community bonding becomes challenging. A Masjid helps address this need by providing a stable environment where faith is practised collectively, knowledge is shared, and a stronger sense of togetherness is reinforced.

Al-Wahab Foundation addresses this gap by supporting the construction of Masjids in areas where local populations do not have the financial or structural capacity to build them independently. Through the Build a Masjid Project, AWF focuses on developing accessible and durable places of worship that serve religious needs while strengthening dignity and unity within the community.

47
MOSQUES
6,320+
BENEFICIARIES

Masjid Projects in Pakistan

Constructing New Masjids in Pakistan

Between October 2024 and September 2025, Al-Wahab Foundation, in partnership with HTN, completed the construction of 41 Masjids across Pakistan. These newly built facilities now provide dedicated spaces for prayer, Islamic learning, and community gatherings for communities that previously relied on informal or overcrowded arrangements.

In collaboration with WMS, Al-Wahab Foundation also completed two Masjids in Balochistan and Punjab. Each accommodates approximately 200 worshippers, serving as an important centre for daily prayers, religious education, and community life.

Project delivery across Pakistan prioritised structural quality, long-term sustainability, and practical design to ensure each Masjid remains functional for years to come. Community feedback indicates these Masjids have already become central to local religious activity, bringing people together and strengthening community engagement.

Masjid Projects in Uganda

Establishing New Masjids in Uganda

During the same period, Al-Wahab Foundation completed the construction of four Masjids in rural Uganda, where Muslim communities often have limited access to Islamic infrastructure. These Masjids have provided much-needed places of worship while becoming focal points for community life, Islamic learning, and social connection.

Beyond congregational prayer, they are now used for religious education, community gatherings, and local engagement, strengthening faith and fostering greater unity within the communities they serve.

Long-Term Impact of the Masjid Project

Across Pakistan and Uganda, Al-Wahab Foundation constructed 47 Masjids, benefiting 6,320 individuals living in deprived communities. Each Masjid represents a long-term investment in religious continuity, education, and community resilience.

Delivering Hope Through Food Packs and Cooked Meals

Access to regular and nutritious food remains uncertain for many families living on the margins of society. Economic pressure, displacement, and recurring crises continue to disrupt daily life, often leaving households unable to plan beyond their next meal. Al-Wahab Foundation's Feed the Hungry Project responds to this reality by focusing on consistent food support that helps families cope, recover, and maintain dignity during prolonged hardship.

Through donor support and local partnerships, AWF delivers food assistance to communities where hunger has become a persistent condition rather than a temporary emergency.

800
FOOD PACKS

5,650+
BENEFICIARIES

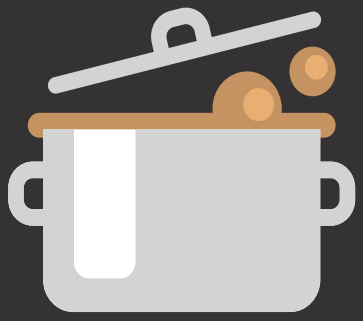

Food Pack Distribution

In regions such as Pakistan,Afghanistan Bangladesh and Uganda , limited income and rising costs mean that many families struggle to secure enough food throughout the month. To reduce this burden, Al-Wahab Foundation provides monthly food packs that offer predictable and practical relief to households facing ongoing food shortages.

Each pack is designed to cover essential dietary needs for a family for the whole month. Items such as rice, flour, lentils, sugar, and cooking oil or ghee help stabilise household food supplies and reduce the pressure on already limited incomes.

Over the course of October 2024 to September 2025 a total of 800 food packs were delivered across the three countries, supporting 5,650 individuals. These distributions reflect a targeted approach to addressing hunger through steady and organised assistance rather than one-off relief.

Cooked Meals Distribution

6,650+
COOKED MEALS

For individuals who lack access to cooking facilities or sufficient food supplies, prepared meals provide immediate and necessary support. Al-Wahab Foundation's cooked meals programme focuses on reaching those who are most at risk of missing meals altogether.

In Pakistan and Uganda, ongoing economic strain has left many households unable to afford even one cooked meal a day. To respond effectively, AWF worked with community partners to identify priority areas and deliver food where need was most acute.

During the reporting period, 83 large pots of cooked food were served in Pakistan, reaching 4,750 individuals, while 400 cooked meals were distributed in Uganda, supporting 400 people. In Pakistan, meals were delivered to vulnerable communities through a range of community-based initiatives, providing timely food assistance in Burmi Colony, Kalapul, Karnal Colony (Karachi), Chitral (KPK), Jhelum (Punjab), and Achro Thar (Sindh). These distributions helped improve food security while bringing communities together through shared meals and local engagement.

Additionally, in response to the September 2025 earthquake in Afghanistan, Al Wahab Foundation, in partnership with HRM, provided emergency food assistance to over 1,500 people, supporting affected families in their time of need.

Together, these food interventions demonstrate how timely nourishment can ease immediate hardship and offer a measure of stability. With continued support, Al-Wahab Foundation remains focused on strengthening food assistance efforts and reaching families for whom hunger remains a daily concern.

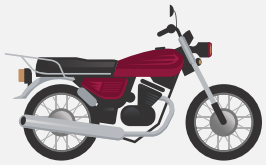

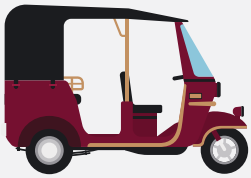

Rozgar Project

Providing Livelihoods Opportunities for Sustainable Change

Breaking the cycle of poverty requires more than short-term assistance; it demands sustainable opportunities that enable individuals to support themselves and their families with dignity. Established in 2015, the Rozgar Project was created to provide practical livelihood solutions that promote long-term economic independence for vulnerable individuals.

In Pakistan, where a significant proportion of the population continues to live below the poverty line, limited employment opportunities, weak infrastructure, and restricted access to financial resources place immense pressure on low-income households, particularly in marginalised communities. The Rozgar Project responds to these challenges by equipping individuals with income-generating assets that allow them to build stable livelihoods.

280

BENEFICIARIES OF ROZGAR (MOTORBIKES & RICKSHAWS)

A defining feature of this initiative is the hands-on leadership of Chairman Mufti Abdul Wahab, who personally travels to Pakistan each year to oversee and participate in the distribution of Rickshaws and Motorbikes. This direct engagement ensures transparency, accountability, and meaningful connection with beneficiaries.

From October 2024 to September 2025, Al Wahab Foundation distributed 15 auto rickshaws and 20 motorbikes to deserving individuals in Karachi, benefiting 280 people through the project. These vehicles serve as essential tools for employment, enabling recipients to earn a steady income and regain self-reliance

The Rozgar Project reflects Al-Wahab Foundation's commitment to addressing poverty through sustainable, dignity-driven solutions. By investing in livelihoods rather than short-term relief, we are helping families rebuild their futures and strengthening communities from the ground up.

Women Empowerment

Empowering Women to Build Sustainable Futures

Strengthening the role of women within vulnerable communities is essential to achieving long-term social and economic progress. Through the Women Empowerment Project, Al-Wahab Foundation supports women from disadvantaged backgrounds by creating pathways to financial independence and self-reliance.

This initiative focuses on equipping women with practical skills and income-generating resources that enable them to contribute meaningfully to household income while maintaining safety and dignity. By providing sewing machines to women with tailoring skills, the project enables them to establish sustainable livelihoods from within their homes, an especially critical opportunity in areas where cultural and logistical constraints restrict access to external employment.

During the 2024–2025 reporting period, Al-Wahab Foundation distributed 250 sewing machines to women across suburban areas of Karachi, Sindh. This support has empowered recipients to develop independent sources of income, with a positive impact benefiting an estimated 2,000 individuals, including family members.

All applicants are carefully assessed through a structured selection process to ensure assistance reaches those in greatest need. By removing barriers to employment and building economic confidence, the Women Empowerment Project promotes resilience, self-sufficiency, and long-term stability for women and their families.

250
SEWING MACHINES

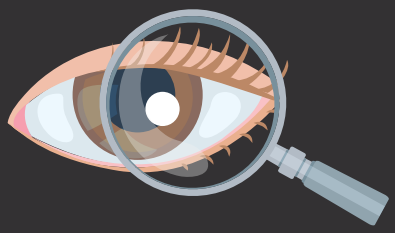

Restoring Vision Through Eye Care Initiatives

The ability to see clearly shapes independence, confidence, and quality of life. Yet for many people living in poverty, preventable vision loss remains an everyday reality. Limited access to healthcare means that treatable conditions often go unaddressed, leaving individuals unable to work, learn, or carry out daily tasks with dignity.

In Pakistan, cataracts and refractive errors remain among the leading causes of visual impairment, despite the fact that effective treatment is widely available. Through its Eye Care Programme, Al-Wahab Foundation works to bridge this gap by delivering essential eye health services to those who would otherwise go without care.

1,000
Eye Surgeries

30
Eye Camps

8,630
Screened & Treated

Cataract Surgeries: Restoring Sight with Dignity

With the generous support of donors, Al-Wahab Foundation carried out 1,000 cataract surgeries during the reporting period, supporting 1,000 individuals. These procedures enabled individuals to regain their sight and restore their independence, confidence, and ability to participate fully in family and community life.

To ensure a dignified and patient-centred experience, all aspects of care were carefully arranged. This included free transportation to and from hospital, nutritious meals on surgery days, and the provision of essential surgical supplies and hygiene kits to maintain high standards of safety and infection prevention.

Reflecting Al-Wahab Foundation's hands-on and compassionate approach, Chairman Mufti Abdul Wahab visited hospitals and eye camps to meet patients and medical staff, offering reassurance and support. These visits reinforced AWF's commitment to people-centred care and strengthened trust within the communities served.

Eye Camps: Bringing Care to the Community

To expand access to eye health services, Al-Wahab Foundation organised 30 free Eye Camps in underserved areas during the reporting period. These camps provided comprehensive eye examinations, diagnoses, medication, and referrals for advanced treatment where required, all at no cost to beneficiaries.

Between October 2024 and September 2025, 8,630 individuals were screened and treated through these camps across multiple locations in New Karachi, Surjani Town, Korangi Town, Sultanabad, Mangopeer, Gulshan e Iqbal, Esa Nagri (Karachi). The strong community response highlighted the urgent need for accessible eye care, leading to a commitment to continue organising eye camps annually.

Embracing the Spirit of Ramadan

Ramadan is a time of deep spiritual connection, generosity, and compassion; a month that calls on individuals and communities to care for one another. For Al-Wahab Foundation, this sacred period represents an opportunity to support vulnerable families and ensure they can observe Ramadan with dignity, comfort, and peace.

While fasting is an act of devotion and reflection, many families facing poverty struggle to access the essentials needed for Suhoor and Iftar. Recognising these challenges, Al-Wahab Foundation remains dedicated to standing alongside those in need, ensuring that financial hardship does not prevent anyone from experiencing the blessings of Ramadan.

Ramadan Food Packs

Ramadan Food Packs provide vulnerable families with essential food supplies throughout the holy month, helping reduce financial pressure and ensuring access to nutritious meals. Each pack contains staple items including flour, oil, sugar, lentils, and other household essentials.

Between October 2024 and September 2025, Al-Wahab Foundation distributed **2,206 Ramadan Food Packs, benefiting 22,060 individuals** across five countries.

In Pakistan, **1,256 food packs** were distributed in partnership with HTN, supporting approximately **12,560 people.** A further **200 packs** were delivered in collaboration with the Health and Education Welfare Organisation, reaching an additional **2,000 beneficiaries.**

In Afghanistan, 200 food packs were distributed in partnership with the Human Relief Mission, benefiting **2,000 individuals.**
In Bangladesh, **200 food packs** were delivered in collaboration with Being Humanitarian, supporting **1,400 individuals.**

In Uganda, a further **200 food packs** were distributed through the valued partnership with Raising Hope Foundation, benefiting **2,000 vulnerable individuals.**
Additionally, Al-Wahab Foundation distributed **150 food packs** in Rwanda, reaching **1,500 beneficiaries.**

Iftar Distributions

Alongside Ramadan Food Packs, Al-Wahab Foundation delivered Iftar distributions throughout the holy month, providing nutritious evening meals to individuals experiencing hardship, travelling, or otherwise unable to access a meal to break their fast. During the reporting period, 2,090 Iftar packs were distributed in Pakistan, 2,000 in Afghanistan, 2,400 in Uganda, 400 in Bangladesh, and 320 in the UK, ensuring thousands could break their fast with dignity.

Each Iftar pack contained dates, fruit, biryani, water, juice, and traditional snacks, providing a balanced meal at sunset. Across all five countries, a total of 7,210 Iftar packs were distributed, helping strengthen community solidarity and ensuring vulnerable individuals were supported throughout the month of Ramadan.

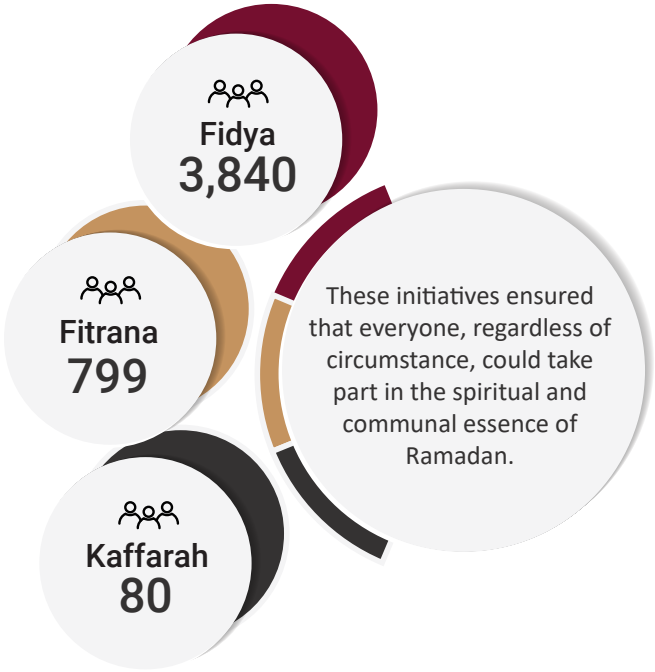

Supporting Fidya, Fitrana, and Kaffarah

Through the Fidya programme, Al-Wahab Foundation supported 3,840 beneficiaries through Fidya donations. In addition, 799 people have been benefitted through Fitrana whereas the Kaffarah programme supported 80 beneficiaries, ensuring that individuals unable to complete their fasts could still fulfil their obligations.

Serving Iftar Meals to NHS Staff (UK) During the Month of Ramadan

During the blessed month of Ramadan 2025, Al-Wahab Foundation continued its commitment to recognising service and sacrifice by standing alongside NHS healthcare workers through a series of dedicated Iftar gatherings. For the third consecutive year, the Foundation worked in close collaboration with London Northwest University Healthcare NHS Trust (LNWH) to honour frontline staff whose tireless efforts underpin community wellbeing across the UK.

As part of this collaboration, Iftar meals were hosted at Northwick Park Hospital, Central Middlesex Hospital, and Ealing Hospital, bringing together staff members from diverse backgrounds. These gatherings created a space for reflection, gratitude, and connection, allowing both fasting and non-fasting colleagues to share in the spirit of Ramadan and acknowledge the values of compassion and service that unite them.

The events were marked by the personal involvement of Mufti Abdul Wahab, Chairman of Al-Wahab Foundation, who attended each hospital alongside the AWF team. He personally met with doctors, nurses, and support staff, distributing meals and offering words of encouragement as a gesture of appreciation. In total, 805 freshly prepared halal meals were served across the three hospitals, each one symbolising respect, solidarity, and care during the holy month.

These Iftar programmes are a part of Al-Wahab Foundation's wider Serving Humanity in the UK initiative, which addresses food insecurity, winter hardship, and support for low-income and homeless communities. Building on this momentum, Al-Wahab Foundation aims to broaden its outreach in future Ramadan programmes, including further collaboration with LNWH, to continue supporting NHS professionals who serve with dedication and resilience.

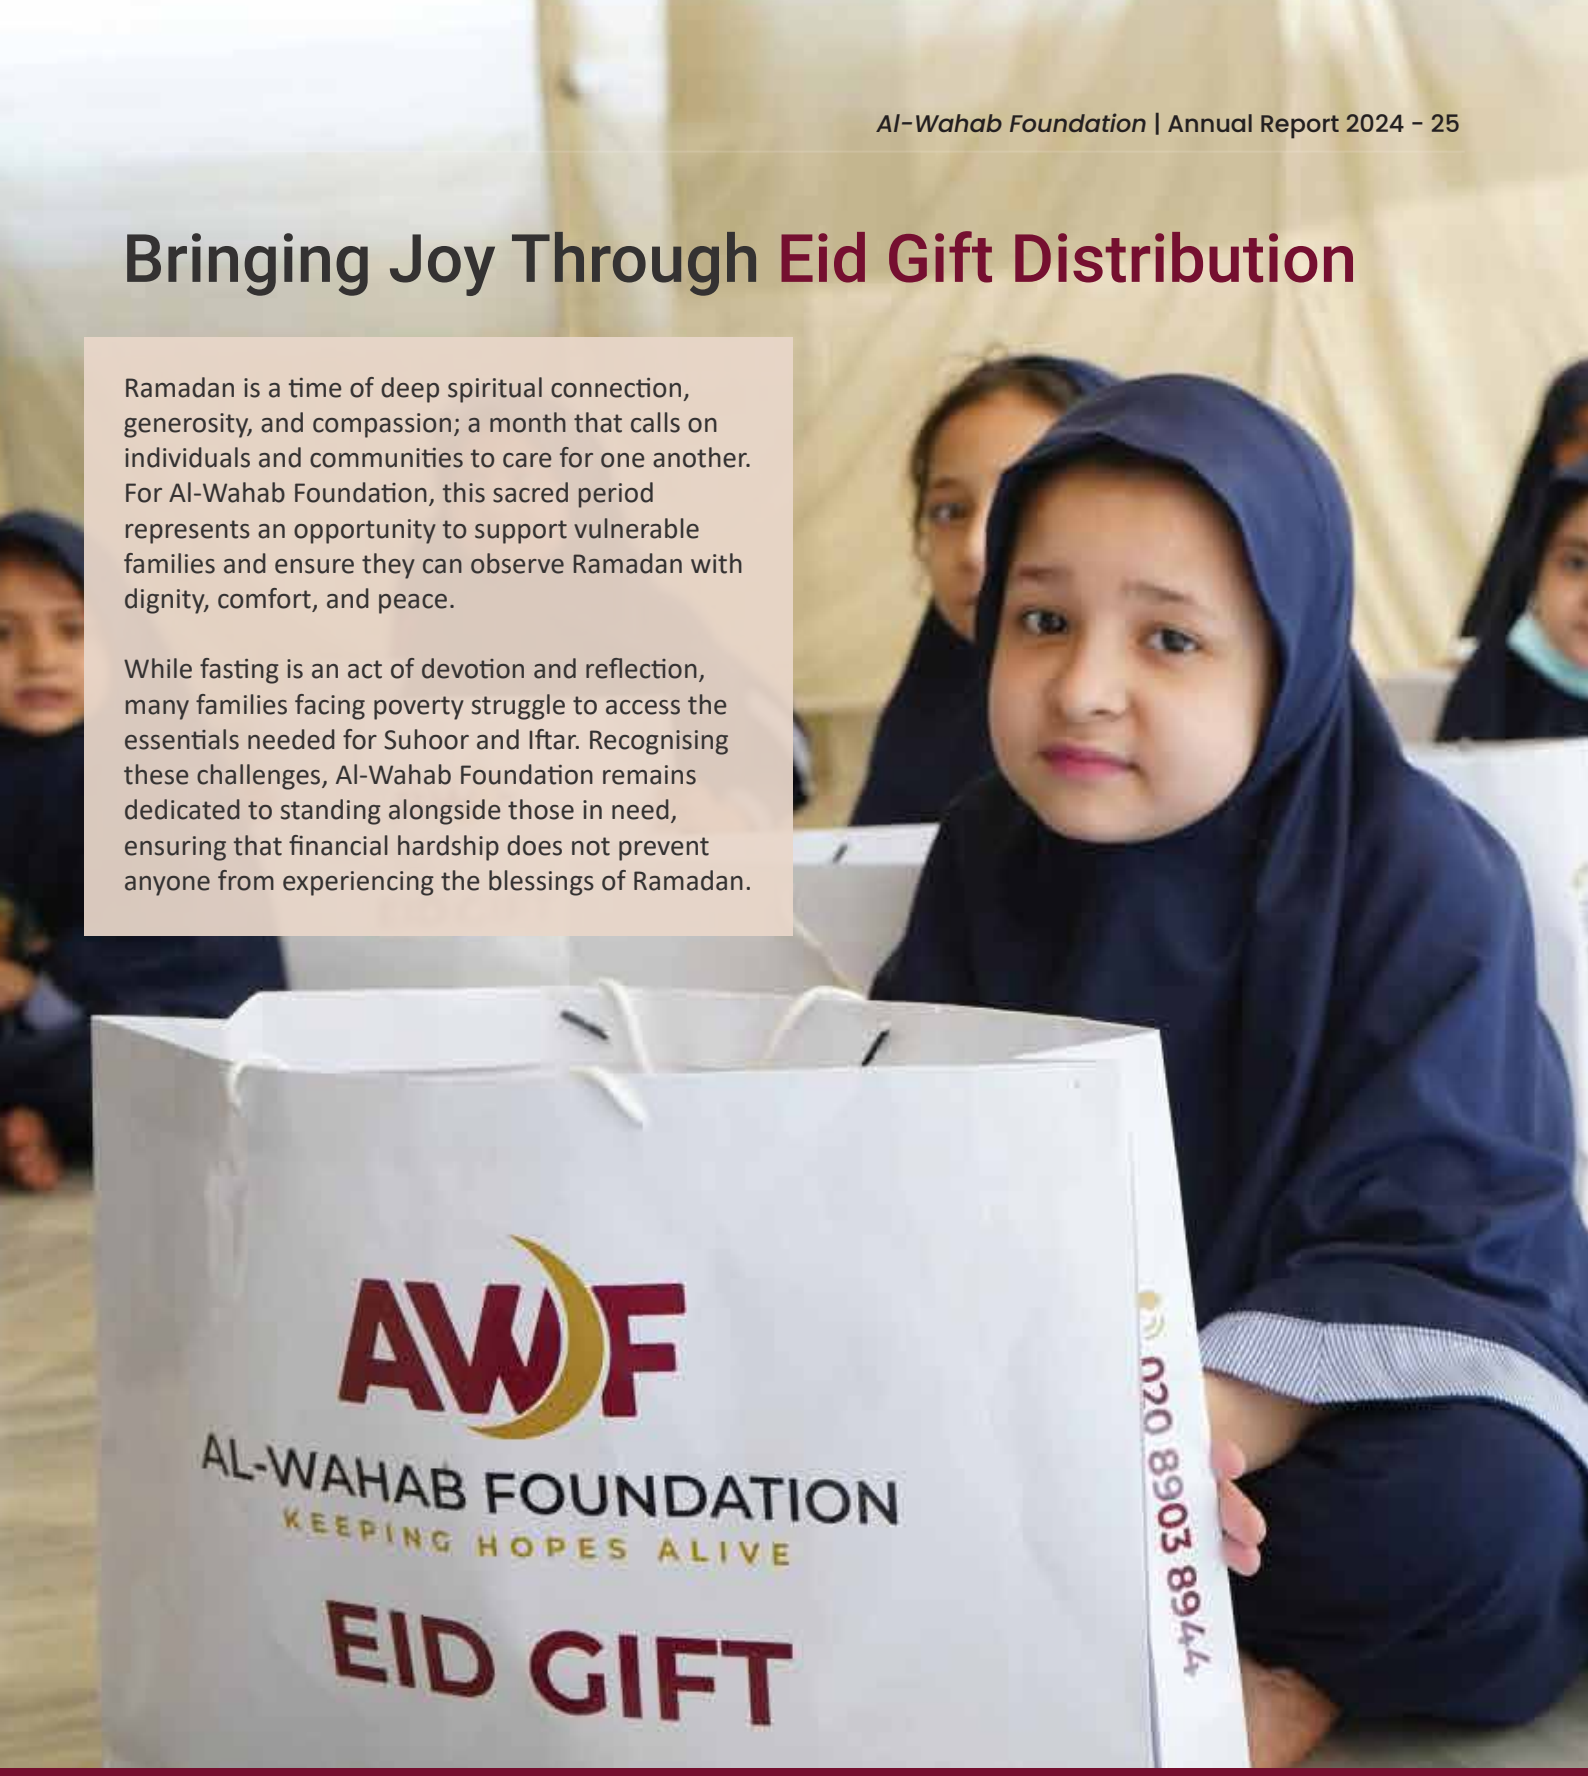

Bringing Joy Through Eid Gift Distribution

Ramadan is a time of deep spiritual connection, generosity, and compassion; a month that calls on individuals and communities to care for one another. For Al-Wahab Foundation, this sacred period represents an opportunity to support vulnerable families and ensure they can observe Ramadan with dignity, comfort, and peace.

While fasting is an act of devotion and reflection, many families facing poverty struggle to access the essentials needed for Suhoor and Iftar. Recognising these challenges, Al-Wahab Foundation remains dedicated to standing alongside those in need, ensuring that financial hardship does not prevent anyone from experiencing the blessings of Ramadan.

Qurbani 2025

Sharing the Blessings of Eid al-Adha

Eid al-Adha is a time of deep spiritual significance, marking the devotion and obedience of Prophet Ibrahim (AS) through the sacred act of Qurbani. Observed during the blessed days of Dhul Hijjah, this act of worship embodies faith, sacrifice, and compassion, while also serving as a vital means of supporting those facing hardship.

Al-Wahab Foundation is committed to ensuring that the blessings of Qurbani reach impoverished and underserved communities who might otherwise be unable to be a part of Eid festivities. With the support of our donors, we carefully manage every stage of the process. From sourcing and transportation to the distribution of Qurbani meat and cooked meals, ensuring dignity, fairness, and respect for Islamic principles throughout.

During Dhul Hijjah 2025, Al-Wahab Foundation reached 28,176 beneficiaries through the distribution of meat from 208 lambs, 86 goats, 37 cows, and 13 camels. Each animal was selected in accordance with Shariah-compliant health and welfare standards, and the entire sacrifice process was closely supervised to ensure full adherence to Islamic guidelines.

Qurbani meat was distributed across multiple regions in Pakistan, including Karachi (Sindh), Chitral (Khyber Pakhtunkhwa), and Jhelum (Punjab). For many families, this distribution provided a rare opportunity to enjoy a nutritious meal during Eid. In addition to meat distribution, 39 large pots of cooked food were prepared and shared with the most vulnerable.

As part of the Qurbani campaign, AWF also provided hot meals to vulnerable communities across three countries. A total of 1,000 meals were distributed in Afghanistan and 1,000 in Bangladesh, along with 625 meals in Uganda, benefiting 4,757 individuals during this blessed period.

Al-Wahab Foundation believes that every Muslim deserves to celebrate Eid al-Adha with dignity and joy. Through your continued generosity, the Qurbani Project transforms a sacred act of worship into a source of nourishment, unity, and compassion, bringing comfort and hope to thousands of lives and reflecting the true spirit of Eid.

Wheelchair Distribution

Restoring Mobility and Independence

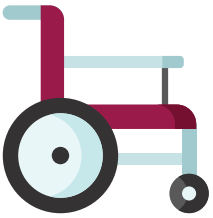

Access to appropriate mobility equipment is essential for enabling people with physical disabilities to live with dignity and independence. However, for many vulnerable families in Pakistan, the cost of a wheelchair remains unaffordable, limiting access to healthcare, education, employment, and community life.

Through its Wheelchair Distribution Project, Al-Wahab Foundation provides essential mobility support to individuals facing severe financial hardship. During the reporting period from October 2024 to September 2025, Team AWF distributed **50 wheelchairs** to beneficiaries across Karachi and Dadu, with Chairman Mufti Abdul Wahab personally participating in the distributions in Dadu.

Each recipient was identified through a needs-based assessment to ensure assistance reached those most in need. Despite logistical challenges in remote areas, the team successfully delivered wheelchairs directly to beneficiaries, including home deliveries for individuals unable to travel.

The project has improved mobility, reduced the burden on caregivers, and enabled beneficiaries to access healthcare, education, and community life with greater independence, reflecting Al-Wahab Foundation's commitment to supporting vulnerable individuals with dignity and compassion.

50
WHEEL CHAIRS

Solar Panels

Access to reliable electricity remains a significant challenge for many underserved communities, particularly in areas affected by poverty, limited infrastructure, and rising energy costs. Unreliable power supplies impact healthcare, education, livelihoods, and overall quality of life. Recognising this need, Al-Wahab Foundation launched the Solar Panels Project to provide sustainable, long-term energy solutions.

The project focuses on installing solar power systems in locations where access to electricity is limited or unaffordable. By harnessing renewable solar energy, these installations reduce dependence on costly and unreliable power sources while providing an environmentally sustainable solution that benefits communities for years to come.

Solar panel systems supported by Al-Wahab Foundation are designed to power essential facilities, including Masjids, water pumps, healthcare centres, and other community infrastructure. These systems help ensure reliable access to lighting, clean water, and other essential services, particularly in remote and underserved areas where electricity shortages are common.

In November 2024, Al-Wahab Foundation installed 20 solar panel systems through Zakat, benefiting 200 individuals. These installations have improved access to reliable electricity, supporting essential community services and enhancing daily life. As the project continues to develop, it will play an increasingly important role in strengthening community resilience, promoting environmental sustainability, and improving quality of life.

Winter Relief Project – Extending Warmth and Protection to Those in Need

Winter brings severe challenges for vulnerable communities, where cold temperatures can quickly become life-threatening. For families already affected by poverty, displacement, or social instability, the winter months intensify daily hardships and place basic survival at risk.

In response, Al Wahab Foundation's Winter Relief Project continues to provide essential support during the coldest time of the year. Through the Winter Appeal 2024–2025, assistance was delivered to communities in the United Kingdom and Afghanistan, ensuring individuals facing extreme conditions were not left without protection.

Winter kits were carefully prepared to meet seasonal needs and included items such as sweaters, socks, hats, jackets, shawls, heaters, duvets, and other cold-weather essentials.

300
Winter Survival Kits

Winter Kits Distribution in the UK

In the United Kingdom, rising living costs have placed increasing strain on vulnerable households, leaving many at risk of cold-related hardship. Through the generous support of our donors and in partnership with the Harrow Association for Somali Voluntary Organisations (HASVO), Al-Wahab Foundation distributed 30 Winter Kits, providing critical assistance to 30 individuals, including those experiencing homelessness or living without adequate shelter.

Winter Kits Distribution in Afghanistan

In Afghanistan, prolonged conflict, economic hardship, and natural disasters have left many communities highly vulnerable. As winter conditions worsened, families faced severe shortages of warmth, shelter, and basic necessities. With the support of our donors, Al Wahab Foundation distributed 300 Winter Survival Kits, providing life-saving assistance to 700 individuals exposed to extreme weather. Each kit included essential items such as heaters, blankets, duvets, and fuel (wood) to help families stay warm during harsh conditions.

Through the Winter Relief Project, Al Wahab Foundation continues to support those most affected by seasonal hardship, delivering warmth, protection, and hope when it is needed most.

Zakat Distribution

Through the generosity of Zakat donors, Al-Wahab Foundation supported 2,324 beneficiaries between 2024 and 2025. These contributions provided essential eye care, Food Packs, winter relief, solar panels, wheelchair support, and sustainable livelihood opportunities through initiatives such as the Rozgar and Women Empowerment Projects.

Zakat is one of the five pillars of Islam and is far more than financial support. It is a system of compassion, justice, and social responsibility that uplifts vulnerable people, restores dignity, and strengthens communities. It is a compulsory act of worship prescribed by Allah to purify wealth, promote fairness, and protect those in need. As stated in Surah At-Tawbah 9:103: “Take from their wealth a charity by which you purify them and cause them to increase…”

When managed with sincerity, care, and accountability, Zakat becomes a powerful means of reducing inequality and creating lasting change.

Responsible and Transparent Distribution

Al-Wahab Foundation is honoured to help Muslims fulfil this sacred obligation by directing Zakat funds towards both urgent needs and long-term challenges. Every donation is allocated exclusively to eligible recipients in full accordance with Islamic principles and Shariah guidelines. Transparency and accountability are central to our approach. Zakat funds are managed through clear, auditable systems under our 100% Zakat policy, ensuring donations are used only for eligible projects.

With your continued support, Al-Wahab Foundation can reach more people facing hardship, provide vital assistance, build sustainable livelihoods, and create meaningful change with dignity, fairness, and care.

Sadaqah: Supporting Those in Need

Sadaqah represents the voluntary spirit of giving in Islam, rooted in mercy, sincerity, and compassion for others. Unlike Zakat, which is an obligatory act of worship, Sadaqah is given voluntarily and may be offered at any time, in any amount. It can take many forms, including financial support, practical assistance, or simple acts of kindness.

Islam places great emphasis on Sadaqah as a means of supporting those in need and strengthening communities. The Prophet Muhammad ﷺ taught that charity does not diminish wealth but instead brings blessing and spiritual reward. Through Sadaqah, individuals from all backgrounds are able to contribute according to their means, helping alleviate hardship and improve the wellbeing of vulnerable communities. Every act of generosity, regardless of its size, carries value in the sight of Allah (SWT).

Sadaqah's Impact | Uplifting Lives Through Charity

Flexible Giving with Far-Reaching Impact

Monetary Sadaqah plays a critical role in responding to urgent needs while also supporting longer-term recovery and stability. Its flexibility allows resources to be directed where they are most needed. Through Al-Wahab Foundation, Sadaqah contributions have been used to support individuals facing poverty, illness, displacement, and social vulnerability.

During the reporting period, Sadaqah funds supported approximately 4,428 people, enabling access to medical care for those unable to afford treatment, assisting families through food provision, and helping individuals move toward self-reliance through livelihood support. Contributions also helped deliver clean water solutions in water-scarce areas and supported the construction of Masjids.

Sadaqah Through Animal Sacrifice

As part of our Sadaqah initiatives, Al-Wahab Foundation also facilitated voluntary animal sacrifices on behalf of donors. During this period, 36 goats were sacrificed, and the meat was distributed to 1,728 individuals from vulnerable households. For many recipients, this represented a rare opportunity to receive nutritious food.

Beyond nourishment, this form of Sadaqah carried deep symbolic meaning. It reflected solidarity between donor and beneficiary, reinforcing the shared responsibility to care for one another and ensuring that compassion was felt not only materially, but spiritually.

BENEFICIARIES OF SADAQAH

Serving Humanity in the UK

For many families across the UK, everyday stability has become increasingly fragile. Rising prices, reduced income security, and increasing living costs have pushed essential needs such as food beyond reach for thousands. What were once manageable expenses now represent daily uncertainty, particularly for those with limited financial resilience.

Through the Serving Humanity Project, Al Wahab Foundation has taken a community-centred approach to addressing these challenges, delivering practical assistance where it is most urgently needed. With the support of generous donors, AWF has provided hot meals, winter kits, and wellbeing essentials to individuals and families experiencing severe financial hardship.

In partnership with My Yard Charity and Northolt Community Centre Al-Wahab Foundation distributed 7,945 cooked meals to individuals within the local community. Additionally, we delivered 185 essential bags in partnership with Hotspot Food and 62 wellbeing kits to The Disability Foundation.

Seasonal support was also extended during Ramadan, when financial pressures on vulnerable households often increase. Working with Hotspot Food, Al Wahab Foundation distributed 260 Ramadan Food Packs and 320 Iftar Packs, benefiting a total of 1,620 individuals facing food insecurity. Each pack was designed to help families maintain dignity and nutritional stability throughout the holy month.

Through these initiatives, Al Wahab Foundation continues to respond with compassion and purpose, ensuring vulnerable communities in the UK are supported during times of hardship.

Eid Community Get-Together in the UK

Celebrating Eid is not only a religious occasion but also an opportunity to strengthen unity, inclusion, and shared belonging within society. With this spirit in mind, Al-Wahab Foundation, in partnership with Hotspot Food CIC, organised an Eid Community Get-Together as part of its Serving Humanity in the UK Project.

Held on 24 June 2025, the event brought together between 150 and 200 members of the local community, including elderly individuals, people with special needs, members of the homeless community, and families facing financial hardship. The initiative aimed to create an inclusive and welcoming space where everyone, regardless of background or circumstance, could participate in the festivities of Eid.

Attendees were served freshly prepared meals and desserts in a warm and friendly setting. Game stalls were arranged to encourage engagement and interaction among guests, while a henna stall added a traditional and festive element to the celebration. The event provided not only nourishment but also an opportunity for connection and shared enjoyment.

This gathering reflected Al-Wahab Foundation's commitment to promoting dignity, inclusion, and community harmony within the UK. By bringing people together in a respectful and supportive environment, AWF continues to reinforce the importance of unity and collective responsibility in strengthening local communities.

Al-Wahab Foundation extends its appreciation to all partners, volunteers, and supporters who contributed to the success of this meaningful initiative.

Stories of hope

Samarto's Story: Clean Water Transformed Life in Ratro Daro

My name is Samarto, and I am a father of four children, two sons and two daughters, in the village of Ratro Daro, Sindh. Life has always been a struggle as I am the only earning member of my family. Every day was a test of survival in our small desert village, where about 40–50 households rely on farming. But our greatest struggle was always access to clean water. We had no proper water supply and had to walk 2–3 kilometers to fetch water that was dirty and unsafe. Our children drank it, our animals drank it, and everyone often fell ill. There was no nearby hospital, no dispensary, just constant worry and helplessness. AWF came to our village and installed a water pump. For the first time, clean, fresh water was available right at our doorstep. Now, I see my children drinking safe water, washing their hands without fear, and staying healthy. This water pump didn't just bring water; it brought life. We are forever grateful.

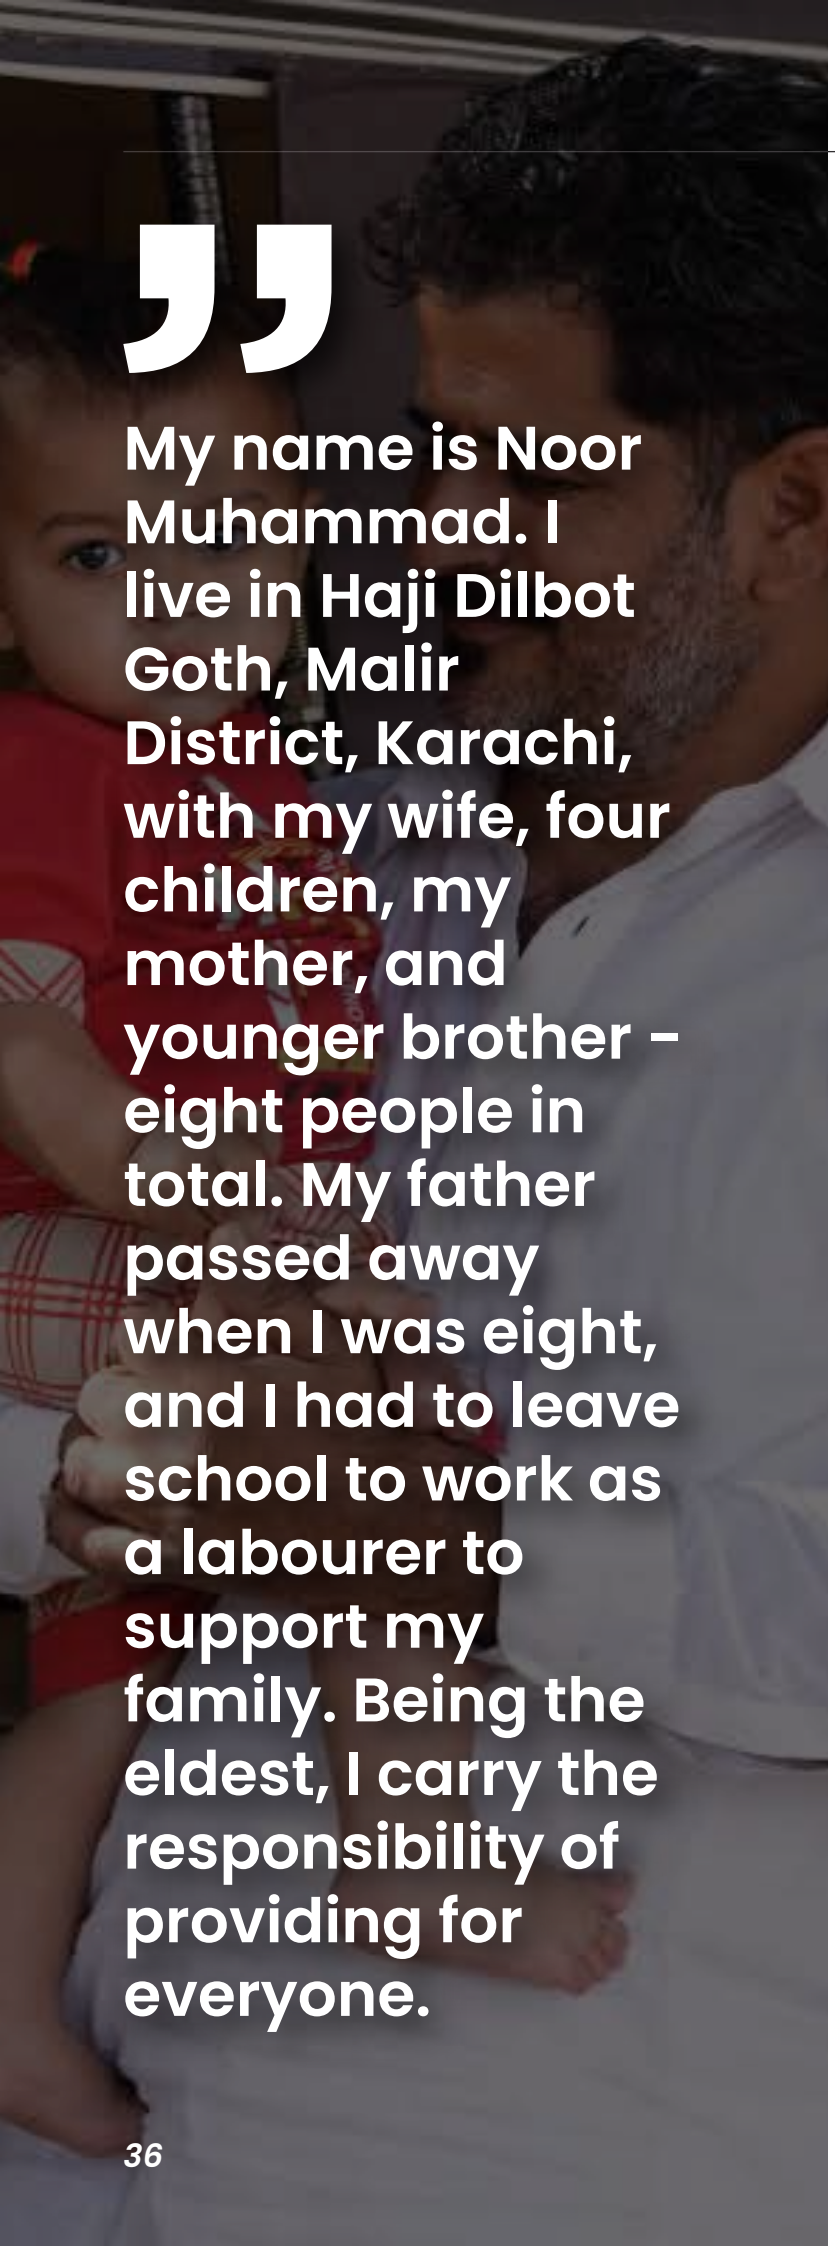

Ramadan Food Packs Bring Hope to Mohd. Hassan's Family

My name is Muhammad Hassan. We are a family of seven living in Dodo Rajar Fakir Goth. My parents, brother, and two sisters all live with me. Our houses are simple, raw structures, and we work as farmers to survive. Whenever floods strike, our crops are severely damaged, making it extremely difficult to arrange food. No one visits us to provide support, so we rely solely on our faith in Allah. We are poor and live in huts, stitching shawls and selling them to earn enough to meet our basic needs. We manage with just 5 KG of ration. This Ramadan, Al-Wahab Foundation and Mufti Abdul Wahab sent us Ramadan Food Packs. This support will go a long way in helping us through the month. We are deeply thankful for their generosity and pray that Allah rewards them abundantly.

My name is Noor Muhammad. I live in Haji Dilbot Goth, Malir District, Karachi, with my wife, four children, my mother, and younger brother – eight people in total. My father passed away when I was eight, and I had to leave school to work as a labourer to support my family. Being the eldest, I carry the responsibility of providing for everyone.

Noor Muhammad's Journey: A Rickshaw Brings Hope and Independence

I worked in a garment factory on a contract basis, but when my contract ended, I lost my job. For the past 3–4 years, I was unemployed, searching daily for labour work to bring food home. My younger brother is disabled, and my mother suffers from heart disease, leaving me to choose between buying medicine or covering household expenses.

I heard from friends that Al-Wahab Foundation was providing rickshaws and contacted Mufti Abdul Wahab Sahib. Thanks to their support, I received a rickshaw. With it, I can now earn a steady income, pay off debts, provide education for my children, and drop them off to school. This rickshaw has not just provided financial stability, it has restored my independence and dignity.

Al-Wahab Foundation: Celebrating 10 Years of Service

In September 2024, Al-Wahab Foundation proudly marked ten years of dedicated humanitarian work with two milestone charity dinners held in London and Manchester. These events celebrated a decade of impactful service while bringing together long-standing supporters, donors, and members of the community who have journeyed with us over the years.

Birmingham — November 23rd, 2024

On 23 November 2024, Al-Wahab Foundation hosted a charity dinner at Crystal Plaza, Birmingham, bringing together supporters, community members, and guests for an evening centered on reflection, accountability, and shared responsibility. The gathering provided an opportunity to engage directly with the Foundation's work and reaffirm a collective commitment to humanitarian service.

The evening was honoured by the presence of Syed Salman Gillani, who attended as Guest of Honour. Through his engaging and light-hearted poetry, he connected with the audience while acknowledging the humanitarian efforts of Al-Wahab Foundation. His contribution added warmth and energy to the programme, creating an atmosphere that balanced reflection with inspiration.

Chairman Mufti Abdul Wahab addressed attendees with a sincere overview of Al-Wahab Foundation's journey over the past decade, highlighting key milestones and reaffirming its mission to serve vulnerable communities. His address emphasised transparency, trust, and the responsibility shared by donors and organisers alike.

Throughout the programme, visual presentations showcased the impact of Al-Wahab Foundation's work across Pakistan, the United Kingdom, Uganda, and Afghanistan. These documentaries offered insight into the lives reached through AWF's programmes, strengthening the connection between supporters and beneficiaries.

The event played a significant role in supporting ongoing fundraising efforts, helping generate resources for essential initiatives including poverty relief, water projects, Masjid construction, and sight-restoring treatments through the Eye Care Project. By bringing supporters together in an open and reflective setting, the Birmingham Charity Dinner reinforced a shared commitment to delivering meaningful and lasting change.

East London

February 08th, 2025

Following a series of successful fundraising events in the UK, the East London Charity Dinner marked another significant moment of community engagement and support for Al-Wahab Foundation's humanitarian work. The evening brought together donors, partners, and supporters committed to advancing AWF's mission. The programme was hosted by Tehreem Noor and Iqra Ali, captivated attendees and kept them fully engaged throughout the event.

The gathering was attended by distinguished guests, including Imam Rizwan Rawat (NHS), Rizwan Arshad, Siraj Ul Haq Mujahed from Human Relief Mission, Afghanistan, and the esteemed poet Syed Zeeshan Hussain Kanpuri. Their presence reinforced the collaborative spirit of the evening and highlighted the shared commitment to humanitarian service.

In his keynote address, Chairman Mufti Abdul Wahab reflected on the AWF's ongoing efforts to deliver practical support to communities facing hardship. He emphasised the importance of unity, accountability, and sustained commitment in driving meaningful change.

Documentary presentations during the event outlined the scope of Al-Wahab Foundation's programmes, including water installations, Masjid construction, and eye care services. These visual accounts offered supporters a clear understanding of how their contributions translate into tangible outcomes for vulnerable communities.

More than a fundraising event, the East London Charity Dinner served as a reminder of what can be achieved when communities unite around a shared purpose.

Seven Sisters Hike:

Climb for Clean Water

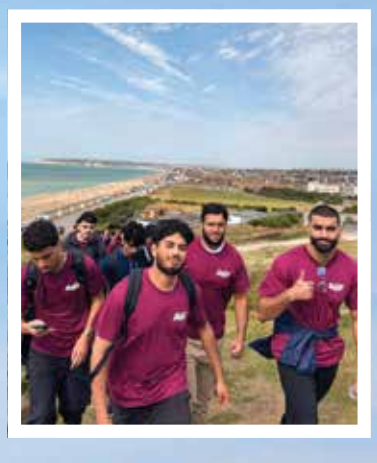

During the 2024–2025 reporting period, Al-Wahab Foundation organised the Seven Sisters Hike, a community fundraising initiative in support of the Water Project. The challenge took place along the Seven Sisters coastal route, bringing together supporters who undertook the hike to raise funds and awareness for communities lacking access to clean water.

30 participants completed the demanding route while fundraising individually, transforming personal effort into practical humanitarian impact. The initiative encouraged meaningful engagement by linking physical challenge with social responsibility.

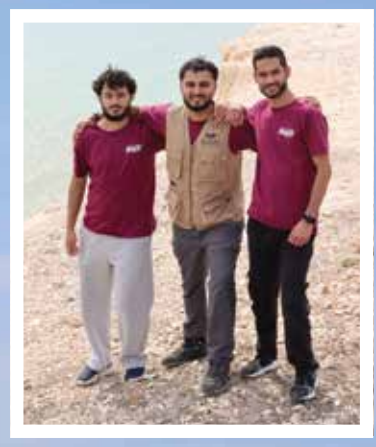

Funds raised through the Seven Sisters Hike were directed towards Al-Wahab Foundation's Water Handpump Project, with each hand pump costing £150. Through this initiative, 44 hand pumps were successfully installed, providing safe and reliable water access to communities in need.

Al-Wahab Foundation extends its sincere appreciation to all participants, volunteers, and supporters who contributed to the success of this initiative. Community-led activities such as the Seven Sisters Hike continue to play an important role in supporting the Al-Wahab Foundation's humanitarian work and strengthening engagement with its mission.

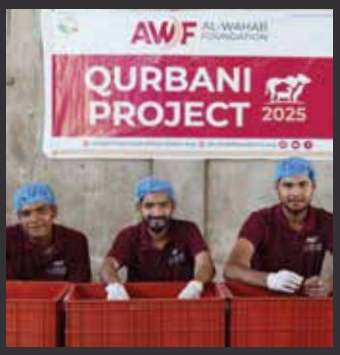

Seven Sisters Hike – Climb for Clean Water

Our Volunteers: Driving Impact Through Service

Behind every initiative delivered and every life supported stands a network of individuals who give their time, energy, and skills selflessly. Throughout the period from October 2024 to September 2025, volunteers played a crucial role in turning Al-Wahab Foundation's mission into meaningful action on the ground.

Whether supporting community events, assisting with logistics at charity programmes, or helping distribute essential aid during Ramadan and winter, volunteers ensured that help reached those who needed it most. Their willingness to step forward during busy, demanding moments made it possible to serve communities with efficiency, care, and dignity.

More than providing practical support, volunteers embody the values that define Al-Wahab Foundation; compassion, sincerity, and service to humanity. Their contributions are driven not by visibility or reward, but by a genuine desire to ease hardship and uplift others.

We remain deeply grateful to every volunteer who stood alongside us during this year. Their dedication continues to inspire our work and strengthens the bond between the organisation and the communities we serve.

Partnerships

Driving Sustainable Change

At Al-Wahab Foundation, we believe that collaboration is a catalyst for meaningful and lasting change. Our partnerships go beyond simple cooperation, they serve as vital connections to communities in need, enabling us to extend our reach and strengthen our impact.

These relationships reflect our commitment to serving humanity through impactful, sustainable projects. By working hand in hand with our partners, we demonstrate the strength and beauty of collective action. Together, we are building stronger, more inclusive communities and paving the way for a brighter future for all.

Reflecting on 2024–25

Thank You for Making a Difference

The achievements highlighted in this report reflect a year of dedication, compassion, and collective effort. Throughout 2024–25, Al-Wahab Foundation continued its mission of supporting communities facing hardship, delivering meaningful assistance through the generosity and trust of our donors, partners, and volunteers.

Together, we provided essential support including food assistance, clean water solutions, healthcare services, livelihood opportunities, community infrastructure, and emergency relief. Each initiative was designed not only to address immediate needs but also to create sustainable impact, restore dignity, and provide communities with renewed hope for the future.

The progress achieved this year belongs to everyone who has stood alongside us. From our supporters and partners to our dedicated teams on the ground, every contribution has played a vital role in enabling us to reach more people and deliver support where it is needed most.As we move forward, the challenges facing vulnerable communities remain significant. However, our commitment remains stronger than ever. With continued support, Al-Wahab Foundation will continue to expand its programmes, strengthen partnerships, and deliver lasting change with transparency, compassion, and responsibility.

Report Of The Trustees For The Year Ended September 30th, 2025

The Trustees of Al-Wahab Foundation present their annual report, together with the audited financial statements, for the year ended 30th September 2025. The financial statements have been prepared in accordance with the Accounting and Reporting by Charities: Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), and in compliance with the Charities Act.

Board Of Trustees

Mufti Abdul Wahab, Chairman of Al-Wahab Foundation, has been actively involved in philanthropic work for over a decade. A respected Islamic scholar with a strong presence on both international platforms and social media, he has built a growing and engaged following. Throughout his journey, Mufti Abdul Wahab has remained deeply committed to effecting meaningful, positive change within society. In 2012, he established Al-Wahab Foundation with a clear vision: to help build a more just and equitable society where no one is left to endure hardship or deprivation. Guided by this mission, he continues to provide strategic oversight of the Foundation's operations and maintains a hands-on approach by regularly visiting project sites to ensure that aid is delivered efficiently, transparently, and in accordance with Al-Wahab Foundation's values. His dedication and leadership have played a pivotal role in driving tangible improvements in the lives of countless individuals and communities served by Al-Wahab Foundation.

Aftab Ahmed is a dedicated humanitarian and accomplished entrepreneur who has successfully built Euro Mobiles and Laptops into a thriving business through vision, perseverance, and strategic leadership. He now brings this same commitment and passion for service to Al-Wahab Foundation with the aim of creating meaningful and lasting change in the lives of those in need. With a strong aptitude for managing complex and sensitive matters, Aftab Ahmed is exceptionally well-suited to his role as a Trustee of the Foundation. He plays an active and hands-on role in all UK-based projects and is deeply committed to expanding the Foundation's welfare initiatives across the region. His drive to make a positive impact is both admirable and inspiring, and his contributions are anticipated to add significant value to the ongoing work of Al-Wahab Foundation.

Faisal Rao brings a wealth of expertise in accounting and financial management, which has been instrumental in ensuring the effective oversight and allocation of Al-Wahab Foundation's funds, both within the UK and internationally. A qualified accountant working with a major London-based organisation, Faisal combines his professional acumen with a deep commitment to social impact. Motivated by a desire to contribute to meaningful change, he joined Al-Wahab Foundation's Board of Trustees, where his financial insight plays a vital role in enabling timely and strategic funding of key projects. His contributions are not only essential to the charity's operational success but are also deeply valued by the entire organisation.

Structure, Governance & Management

Governing Document:

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Risk Management Policy:

A separate log is maintained to determine the risk factors that can affect the operations of Al-Wahab Foundation, formerly known as Ummah Charity International, and can produce significant hurdles in work. These factors usually come under discussion in trustee meetings and require necessary action. Mainly the risk that can be a potential threat is the financial position of the organisation. It applies both on internal and external levels. On internal, the level of reserves and on external, it is the economic calamity which can affect our donors and funders and can distress them from supporting good causes. Trustees are aware of these potential risks and have already discussed overcoming the threats (if they arise) with possible risks and have agreed to discuss them in every trustee meeting so that a quick response can be discoursed and delivered on time. It is also worth mentioning that despite the financial risks, areas like governance, competition, operations, fundraising, legal compliance, visibility, and information technology are well assessed and discussed in detail. The charity is controlled by its governing document, a deed of trust, and constitutes an incorporated charity.

Risk Of Governance:

Al-Wahab Foundation needs to ensure that proper governance structures and practices are adopted to reduce the risk of failure and can support the survival and success of the organisation. The board will regularly review the policies and procedures to ensure they meet the governance and operating standards.

Funding:

Al-Wahab Foundation does not have a fixed amount of income. In continuation of work, it will be absolutely dependent on the donations made by the public or other charity organisations. Projects are only initiated when the complete funds are available to cover the cost but an exceptional case where Al-Wahab Foundations has also set aside a portion of reserves to reduce the disruption in the event due to a temporary fall in donations.

Complaints Handling:

We have a complaints policy in place, and a complaint can be submitted to us either in person, by telephone, by email, or via our website contact form. Complaints will be dealt with per our policy. We strive to make Al-Wahab Foundation meet high standards and up to the expectations of our donors. All procedures and frameworks are reviewed regularly for improvement purposes.

I.T & Data Storage:

Al-Wahab Foundation is reliant upon electronically stored data. However, the damage to our computer systems will not disrupt any of our humanitarian operations. This is because copies of all our data have been made to keep the information, we have secure. Our fundraising teams utilise different approaches, which include the following: Individual donor giving, Challenges, Events, Online giving, Communities fundraising, Live TV appeals, Call centres, Direct mail, and Fundraising activities carried out by our staff or volunteers. We don't use third parties or agencies.

General Data Protection Regulation (GDPR):

Since 2017, we have provided training to staff members regarding the importance of GDPR. An action plan was implemented, and all donors were sent consent forms and emails. We have a data protection policy and privacy statements.

Our Objectives & Activities

AWF operates as a humanitarian and development organisation dedicated to supporting disadvantaged communities without discrimination. Our work is guided by a commitment to dignity, sustainability, and measurable impact. During the reporting period, our programmes were delivered across several key areas:

Clean Water and Public Health:

Safe water access remains central to community wellbeing. Through the installation of water wells and hand pumps, Al-Wahab Foundation improves access to clean drinking water in underserved regions, reducing waterborne diseases and enhancing hygiene conditions.

Livelihood and Economic Stability:

Economic empowerment forms a core pillar of our work. Through initiatives such as the Rozgar Project, individuals are equipped with income-generating assets including rickshaws, motorbikes, and small business tools. These interventions enable families to secure stable earnings and reduce dependency on short-term aid.

Eye Care Initiatives:

Access to healthcare remains limited in many low-income communities. Al-Wahab Foundation's Eye Care initiatives provide free eye camps, consultations, and cataract surgeries to individuals unable to afford treatment, restoring sight and improving quality of life.

Food Security and Nutrition:

Addressing hunger remains a priority. Al-Wahab Foundation distributes food packs, cooked meals, and seasonal provisions, including Ramadan support, to households facing food insecurity. These efforts aim to stabilise families during periods of financial strain and crisis.

Women's Empowerment:
Recognising the importance of women's financial independence, AWF provides practical resources such as sewing machines to support home-based income generation. This initiative strengthens household resilience while promoting social inclusion.

Emergency and Disaster Response:
In times of natural disaster or conflict, AWF mobilises rapid relief efforts. Emergency support includes food assistance, temporary shelter, hygiene supplies, and essential medical aid to protect vulnerable populations during crisis situations.

Building New Masjids:
Through Masjid construction projects, Al-Wahab Foundation supports the development of accessible places of worship in underserved areas. These spaces serve as centres for prayer, education, and community engagement.

Serving Humanity in the United Kingdom:
Under the Serving Humanity in the UK programme, assistance is extended to vulnerable individuals locally including the homeless. Initiatives include hot meal provision, winter support packages, and targeted aid for homeless and low-income households.

Through these wide-ranging initiatives, Al-Wahab Foundation remains committed to transforming lives with dignity, compassion, and excellence.

Accountability

Al-Wahab Foundation is committed to maintaining and continually improving high standards of accountability, which is essential to the integrity and effectiveness of our charitable work. To support our mission and ensure maximum impact, we have robust systems in place that include stakeholder participation, structured feedback processes, complaints handling, and regular reporting. We take the responsibility of managing donations very seriously. When a contribution is made toward a specific cause or project, we ensure that the necessary resources and personnel are in place to deliver aid directly to the individuals and communities most in need. All charitable funds, including Zakat, Sadaqah, and other forms of giving, are carefully monitored and reviewed by our Founder and Chairman, Mufti Abdul Wahab, to ensure that every donation is used in strict accordance with its intended purpose. Upon completion of each project, detailed reports and updates are shared with donors to maintain transparency and build trust. Al-Wahab Foundation upholds open and accountable relationships with all stakeholders, including the public, donors, volunteers, staff, and relevant regulatory bodies in every country where we operate. We are also grateful to donors who have submitted a Gift Aid Declaration, as this significantly enhances the value of their support and helps us do even more for those in need.

Public Benefit

The Trustees confirm that they abide by the Charity Commission's general guidance on public benefit, complying with Section 4 of the Charities Act 2006 to have due regard to public benefit in pursuance of its objectives and activities. The initiatives taken by Al-Wahab Foundation left a deep impact and delivered a sense of well-being & happiness without compromising on people's self-respect. We have been playing an effective role in helping those who are in dire need. AWF has undertaken different projects over the years; some were meant to provide immediate relief, while others were meant to uplift the economic status of families. In either case, our efforts have proven fruitful and helped the beneficiaries in changing their lives and providing them with a chance to uplift their current situation. It is worth mentioning that whatever we have achieved so far is quite encouraging and a source of boosting our morale and spirit to continue the good work for the public's benefit and help.

Future Vision & Development

Looking Ahead Beyond September 2025

As the October 2024 - September 2025 reporting year concludes, Al-Wahab Foundation is focused on strengthening the depth, sustainability, and reach of its programmes in the years ahead. Building on the progress achieved during this period, Al-Wahab Foundation aims to enhance operational efficiency while expanding its support to communities facing persistent vulnerability.

A key area of future development is the expansion of sustainable infrastructure initiatives. With the launch of the Solar Panel Project, Al-Wahab Foundation has taken its first step towards addressing energy poverty in underserved regions. Moving forward, this initiative will be scaled to provide reliable and environmentally responsible energy solutions to community facilities, water systems, and places of worship, particularly in areas affected by energy shortages.

Across all existing programmes, AWF intends to strengthen monitoring systems and outcome evaluation to ensure long-term impact. Emphasis will be placed on structured delivery models that move beyond short-term assistance and contribute to lasting community resilience.

Transparency and donor confidence will remain central to future operations. AWF will continue to provide regular feedback, monitor project outcomes, and uphold accountability at every stage of implementation. Digital engagement will also be further developed to improve communication, fundraising accessibility, and global outreach. By strengthening its online platforms and communication channels, Al-Wahab Foundation aims to deepen engagement with supporters both within the UK and internationally.

Domestically, the Serving Humanity in the UK Project will continue to grow through strategic partnerships with local organisations. Food assistance, winter support, and community inclusion initiatives will be refined and expanded based on emerging needs.

Internally, AWF will invest in organisational capacity, volunteer development, and operational systems to support sustainable growth. Strengthening governance structures and enhancing team capability remain priorities for long-term stability.

While global economic uncertainty and geopolitical challenges may continue to affect vulnerable communities, Al-Wahab Foundation remains committed to strategic, measured expansion. The goal for the coming years is clear: to deliver sustainable, accountable, and compassionate support that creates enduring change.

Fundraising Activities

The trustees periodically review the charity's fundraising activities and sources of income to ensure compliance with best practices and to diversify funding streams. Over the reporting period, Al-Wahab Foundation continued to adopt innovative fundraising methods to increase awareness and generate support.

Notably, the use of television charity appeals proved highly effective in engaging wider audiences and increasing donations. In addition, the trustees encouraged the regular use and updating of online fundraising platforms, such as JustGiving, to reach more donors and promote transparency.

The charity is committed to maintaining high standards in fundraising, ensuring that all campaigns are ethical, transparent, and aligned with the values of Al-Wahab Foundation. Where third-party fundraising is involved, appropriate oversight and controls are implemented.

Financial Review

Income

All incoming resources are included in the Statement of Financial Activities (SOFA) when the charity is legally entitled to the income, the amount can be quantified with reasonable accuracy, and there is a certainty of receipt. Donations: This comprises all incoming resources from donations and gifts collected directly by the charity and income from fundraising events/ appeals during the year. Gift Aid tax recoverable under the Gift Aid Scheme is recognised where there is an entitlement, certainty of receipt, and the amount can be measured with sufficient reliability. Where a claim for repayment of income tax has been or will be made, such income is included in the debtors' amount if still not received by the year-end.

Reserves Policy

The beneficiaries of the Al-Wahab Foundation are communities from different backgrounds and cultures, the only thing common among them is "poverty and insufficient resources" most of them receive assistance and support from AWF on a regular basis as their economic conditions do not allow them to fulfil the requirements on their own. AWF's ongoing projects are a big hope for thousands of people, and any delay or obstacle in delivering the projects can awfully affect their lives. Therefore, trustees are in view that a minimum of twelve-month reserve would be necessary to run the programs smoothly and to ensure sustainability. The AWF runs learning, fundraising, capacity building and advocacy activities and programmes supporting communities and individuals. The AWF Reserves Policy is to maintain a sufficient level of reserves to enable normal operating activities to continue over a period of up to six months should a shortage in income occur and to take account of potential risks and emergencies that may arise from time to time. This policy will be reviewed at the Annual Trust meeting each year. The Chairman will present the Trustee Board with a draft document and supporting materials that enable them to make an informed decision about levels of Reserves and feeds into their approval of the strategy document and annual operating budget.

Review

During the year from 1st October 2024 to 30th September 2025, the charity raised £1,054,578 in direct donations from the general public to carry out the programmes mentioned in the Statement of Financial Activities. Most of this was utilised in the year, and the remaining funds are in reserve for ongoing projects. The charity continues to work closely with a number of partner organisations in providing aid to the needy, and of the expenditure, £710,323 was spent with these partner organisations. The income tax recoverable from Gift Aid is used for admin and marketing-related expenses.

Statement Of Trustee's Responsibilities

The trustees (who are also the directors of Alwahab Foundation for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

Company law requires the trustees to prepare financial statements for each financial year. Under that law, the trustees have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).

Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the trustees are required to

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

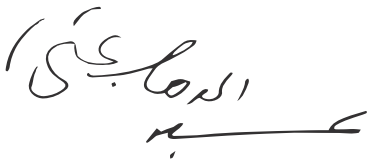

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditors are unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

AUDITORS
The auditors, Silver Arc Chartered Certified Accoutants, will be proposed for re-appointment at the forthcoming Annual General Meeting.

Report of the trustees, incorporating a strategic report, approved by order of the board of trustees, as the company directors, on 23/07/2026 and signed on the board's behalf by:

Mr Abdul Wahab - Trustee

Report of the Independent Auditors to the Members of Alwahab Foundation

Opinion
We have audited the financial statements of Alwahab Foundation (the 'charitable company') for the year ended 30th September 2025 which comprise the Statement of Financial Activities, the Statement of Financial Position, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In our opinion the financial statements:
- give a true and fair view of the state of the charitable company's affairs as at 30th September 2025 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion
We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern
In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information
The trustees are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Report of the Independent Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006
In our opinion, based on the work undertaken in the course of the audit:
- the information given in the Report of the Trustees for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Trustees has been prepared in accordance with applicable legal requirements.

Report of the Independent Auditors to the Members of Alwahab Foundation

Matters on which we are required to report by exception
In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Trustees.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:
- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees
As explained more fully in the Statement of Trustees' Responsibilities, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Our responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Independent Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- identifying and testing journal entries using a risk-based approach, including unusual transactions and unexpected account combinations
- challenging the assumptions and judgements made by management in preparing significant accounting estimates to address the risk of management bias
- reviewing significant transactions and supporting documentation
- making enquiries of management and the trustees regarding actual or suspected fraud and non-compliance with laws and regulations
- reviewing trustee meeting minutes and relevant regulatory and legal correspondence, where applicable

There are inherent limitations in the audit procedures described above. Fraud may be more difficult to detect than error as it may involve deliberate concealment, collusion or management override of controls. Our procedures relating to compliance with laws and regulations are primarily limited to enquiries of management and the trustees and inspection of relevant regulatory and legal correspondence where available.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Independent Auditors.

Report of the Independent Auditors to the Members of Alwahab Foundation

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements
FOR THE YEAR ENDED 30TH SEPTEMBER 2025

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income
All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure
Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets
Tangible fixed assets are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using either a straight line or reducing balance method, as indicated below.

Depreciation is provided on the following basis:
Fixtures & Fittings - 15% Straight Line
Computer Equipment - 20% Straight Line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

Taxation
The charity is exempt from corporation tax on its charitable activities.

Fund accounting
Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Foreign currencies
Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the statement of financial position date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

continued...

Notes to the Financial Statements - continued
FOR THE YEAR ENDED 30TH SEPTEMBER 2025

1. ACCOUNTING POLICIES - continued

Hire purchase and leasing commitments
Rentals paid under operating leases are charged to the Statement of Financial Activities on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits
The charitable company operates a defined contribution pension scheme. Contributions payable to the charitable company's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.
